## **ARTICLE I MISSION, PURPOSE, AND GUIDING PRINCIPLES**

### **Section 1: Mission and Purpose**

1.1 The Lead Safe Cleveland Coalition provides leadership, support, and advocacy that empowers the City of Cleveland and its residents to prevent childhood lead poisoning by:

1.1.1 Engaging in and supporting educational activities and community outreach;

1.1.2 Serving as a central hub through which local organizations with similar objectives can better communicate, plan, assess, share ideas and experiences, and provide mutual support and fellowship;

1.1.3 Supporting the City of Cleveland in its implementation and monitoring of Ordinance no. 747-2019 and/or other related policies;

1.1.4 Promoting the Coalition's guiding principles throughout Cleveland; and

1.1.5 Encouraging unity, racial equity, inclusion, and power-sharing in the broader community.

### **Section 2: Guiding Principles**

2.1 Systems change. Lead Safe Cleveland will work to transform policies and systems to promote lead poisoning prevention, screening and testing, treatment and intervention, and education and outreach.

2.2 Public-private partnership. Lead poisoning affects all of us, and we all need to take responsibility for addressing it. Dedicated resources—from the public, private, corporate, and philanthropic sectors—are needed for lead testing and screening; lead hazard control and abatement; relocation; community education and outreach; workforce development for lead safety professionals; increasing the supply of safe and affordable housing options; training in lead-safe work practices for property owners, contractors; and more.

2.3 Cleveland approach. Lead Safe Cleveland will identify and pursue solutions based on science, best practices, and common sense, rooted in Cleveland's unique assets and challenges.

2.4 Primary prevention. Lead Safe Cleveland believes in preventing childhood lead exposure in all residential properties, childcare facilities, schools, and other buildings during renovation, repair, regular maintenance, and demolition without threat of displacement.

2.5 Families deserve safe, affordable housing. Cleveland families must have access to safe, affordable housing. Families should have information on lead hazards in properties and how to protect themselves and their children.

2.6 Accountability. Lead Safe Cleveland will partner with and hold accountable landlords, governmental agencies, healthcare providers, insurers, the legal system, and others to protect the health and safety of children and families.

2.7 Outcome oriented. Lead Safe Cleveland goals, objectives, and actions will be directed toward achieving measurable outcomes.

2.8 Genuine community partnership. Lead Safe Cleveland must be sure that the voices of people directly affected by lead are heard. For solutions to be sustainable, those directly affected must be full partners in project design and implementation.

2.9 Solidarity and collaboration. Groups working on similar issues with compatible visions should consciously act in solidarity, mutuality, and support each other's work. We will treat each other with justice and respect, both on an individual and an organizational level.

2.10 Integrity. Lead Safe Cleveland will operate on the mode of community-centeredness. We must "walk our talk." We must live out the values that we say we're struggling for. We must work toward justice, peace, and community.
